Heidi Brown

GERIATRIC CARE MANAGEMENT

HELPING SENIORS

Navigate complex medical or psychological issues

Live safely in their current environment

Clarify their own financial and/or legal situation

Manage with limited or no family support

HELPING FAMILY CAREGIVERS

Who have limited time and/or expertise in dealing with aging or chronic care needs

Not living nearby, who are care giving from a distance

Needing education and/or direction with behaviors associated with dementia

Conflicted regarding care decisions

Confused about care solutions or are "burned out"
